## WINE CELLARS

### 2012 WHITE RIESLING

"Exotic fruity aromas transform into talc, pineapple and guava, soft and mellow on the palate. Notes of citrus fruit keep the flavor exciting without being excessively heavy on the palate. A complex wine that offers an interesting balance of fruit, acid and sugar."

- Winemaker Steve Anderson

#### FOOD PAIRING

With its exotic fruit and delicate sweetness, this wine is a soothing companion to spicy Pacific Rim cuisine, calming the fiery effects of ginger, garlic and chilies. Also well suited to accompany summer meals of light salads, fruit salads, and barbecued or smoked meats.
